

# ISUZU D-MAX

D-Max is a great workhorse and there are kits available for all 2WD & 4WD models.

If the vehicle has been fitted with aftermarket shocks then you will need to go for the kit to suit the 2" lift.

Will need to remove the wheel to fit these.  
Same kits will fit the low ride model.

## Isuzu D-Max 2008 Onwards

Part No.	RR Price	Type	Fitting Time	Options	Suits	Rate Lb/Inch	Kgs at 80% Travel
5600		4WD	30mins	Standard	D/Cab S/Cab Ex/Cab	210	1,000
5600-2		4WD	30mins	2" Lift	D/Cab S/Cab Ex/Cab	140	860
5700		2WD	30mins	Standard	D/Cab S/Cab Ex/Cab	208	950
