

LANDCRUISER

The Landcruiser is a great workhorse and there are kits available for the Std suspension and to suit 2" lifted vehicles.

These kits also fit on the troop carrier. If the vehicle has been fitted with aftermarket shocks then you will need to go for the kit to suit the 2" lift.

Landcruiser 75, 79, VD79 1985 Onwards

Part No.	RR Price	Model	Year	Fitting Time	Options	Suits	Rate Lb/Inch	Kgs at 80% Travel
